Onondaga Massage Therapy Health Fair at the Village Gate School of Therapeutic Massage

The Genesee Dietetic Association took part in a Health Fair on Saturday April 24th at the Village Gate in downtown Rochester. This was a free event for the public and offered all types of health and wellness information, not to mention free chair massages! The Genesee Dietetic Association volunteers provided participants with healthy eating information, promoted the importance of a Registered Dietitian's services, and answered nutritional related questions. There were 150 participants and 32 vendors. Thank you to the four GDA members who volunteered their time:

Darlene Steele, Kathy Ippolito, Darcy Prinoske, and Kimberly Wilber
